Time and Attendance and Labor Tracking

Save time

Replace paper time clock cards and manual data entry with our online time and attendance tracking system. You will no longer have to dedicate an employee for labor transaction entry on a daily or weekly basis – now you can validate information online and in real time, thus improving accuracy as well as saving time.
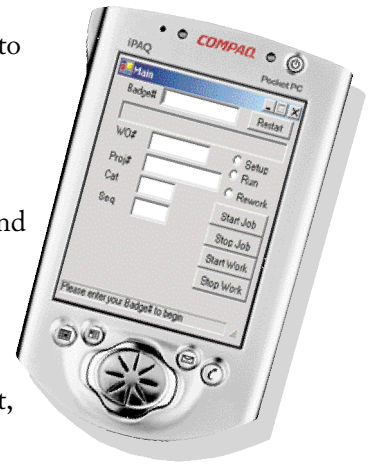

Solution includes:

• Photo bar code ID badge creation software

• Touch-screen monitors

• Badge readers

• Badge printers

Features:

• Easy-to-use touch screen operation

• Separately maintains job labor and attendance time

• Online, real time transaction validation with ManFact™, Avanté™ or DataFlo™

• Employee profile initialization from ManFact Avanté or DataFlo

• Automated labor posting to ManFact, Avanté or DataFlo

• Indirect time sheet entry option for administrative personnel

• Supervisor screens to report, monitor and adjust transactions

• Human resources and payroll access to administration screens

• Wireless Pocket PC device scanner clock in/out support

• Unlimited number of workstations and handhelds are supported

• Microsoft Windows®-based application

• Does not require additional ManFact, Avanté or DataFlo user licenses

• Custom tailoring options are available to meet your business needs

• Ability for direct employees to enter vacation, meeting and other indirect time

See how QSS can make your system revolve around your business.
